## **Critical Incident Management Plan**

### **St. Clement's College**

**Formulated 2014**

**Last Reviewed 26 Nov 2024**

St. Clement's College aims to protect the wellbeing of its students and staff by providing a safe and nurturing environment at all times. We seek to do this by our mission statement which aims to facilitate the development of each student to his full academic, personal, spiritual and social potential in a catholic, caring, respectful and safe environment.

St. Clement's College have formulated a number of policies and procedures to be followed with a view to ensuring the physical and psychological safety of both staff and students, and the creation of a supportive and caring ethos in the school, at all times including in the event of a critical incident. They have established a Critical Incident Management Team (CIMT) to steer the development and implementation of the plan.

#### **What is a Critical Incident?**

St. Clement's College recognise a critical incident to be: *"an incident or sequence of events that overwhelms the normal coping mechanism of the school"*

Responding to Critical Incidents: [Guidelines for schools- NEPS 2007](#)<sup>1</sup>

Critical incidents may involve one or more students or staff members, or members of our local community. Types of incidents might include:

- The death of a member of the school community through, accident, violence, suicide or suspected suicide or other unexpected death
- An intrusion into the school
- An accident involving members of the school community
- An accident/tragedy in the wider school community
- Serious damage to the school building such as fire, flood, vandalism
- The disappearance of a member of the school community

### **Aim of our Critical Incident Policy.**

The aim of this policy is to help school management and staff to react quickly and effectively in the event of an incident, to enable us to maintain a sense of control and to ensure that appropriate support is offered to students and staff. Having a good plan should also help ensure that the effects on the students and staff will be limited. It should enable us to make a return to normality as soon as possible.

### **Creation of a coping supportive and caring ethos in the school.**

We have put systems in place to help to build resilience in both staff and students, thus preparing them to cope with a range of life events. These include measures to address both the physical and psychological safety of the school community.

## **Physical Safety**

*Please refer to St Clements College Health & Safety Policy*

- An evacuation plan has been formulated
- Regular fire drills occur
- Fire exits and extinguishers are regularly checked
- There is a daily supervision rota in the school – pre-school, break times, lunchtimes and after school (This is posted in the staff room)
- The main entrance, student entrance and the gates to both car parks are locked during school hours
- The rules, regulations and guidelines for behaviour have been formulated in a Code of Behaviour which is contained in the school journal. This Code of Behaviour is sent home to parents who sign an acceptance letter and return it to the College. Year Heads and Assistant Year Heads remind pupils of these rules throughout the year.

## **Psychological Safety**

St. Clement's College aims to use available programmes and resources to address the personal and social development of students, to enhance a sense of safety and security in the school and to provide opportunities for reflection and discussion.

This is done in the following ways:

- Social, Personal and Health Education (SPHE) is integrated into the work of the school. It is addressed in the curriculum by addressing issues such as grief and loss; communication skills; stress and anger management; resilience; conflict management;

problem solving; help-seeking; bullying; decision making and alcohol and drug prevention. Promotion of mental health is included in this provision.

- Staff has access to training for their role in SPHE.
- The College has adopted the Child Protection Guidelines and Procedures.
- The school has developed links with a range of external agencies e.g. NEPS etc.
- The school has a clear policy on bullying and deals with bullying in accordance with this policy. All staff and students are aware of this policy. (ref. Anti-Bullying Policy)
- There is a Pastoral Care system in place in the school (ref. Pastoral Care Policy)
- Students who are identified as being at risk are referred to the designated staff member (e.g. outreach support worker/counsellor), concerns are explored and the appropriate level of assistance and support is provided. Parents are informed, and where appropriate, a referral is made to an appropriate agency.
- Staff are informed about how to access support for themselves (Employee Assistance Service)

## **Critical Incident Management Team (CIMT)**

## **Confidentiality and good name considerations.**

St. Clement's College have a responsibility to protect the privacy and good name of the people involved in any incident and will be sensitive to the consequences of any public statements. The

members of the school staff will bear this in mind, and will seek to ensure that students do so also. For instance, the term 'suicide' will not be used unless there is solid information that death was due to suicide, and that the family involved consents to its use. The phrases 'tragic death' or 'sudden death' may be used instead. Similarly, the word 'murder' should not be used until it is legally established that a murder was committed. The term 'violent death' may be used instead.

All new and temporary staff will be informed of the details of the plan by the Principal and Deputy Principal at the new staff induction meeting which occurs prior to the beginning of the academic year.
